Scholarship Information

The Youth Trust Fund is a program administered by the North Tahoe Public Utility District Recreation and Parks Commission. The Commission is a volunteer group of District residents made up of 5 adults and 2 student members that are appointed by the District Board of Directors. Recreation and Parks Commission meetings take place on the fourth Wednesday of the month. The application must be received prior to the start of the program or class. The Trust Fund will cover up to 80% of the requested amount to a maximum of \$100 per request and \$200 annually. Once the request has been approved by the Commission, District Staff will issue a request for distribution of funds on behalf of the applicant.

All requests for scholarships must be made on the Scholarship Request Form and accompanied by a recommendation from a teacher, school official or another third party who will state how participation in the requested activity will benefit the youth. It is recommended that the youth requesting the scholarship attend the Commission meeting at which their application will be reviewed.

Only Local youth that live within the boundaries of the North Tahoe Public Utility District are eligible for the scholarship funds.

Recipients of a distribution that are over the age of 12 shall participate in a minimum of four (4) hours of community service with volunteer hours at the Recreation and Parks Commission Pancake Breakfast (the second week of Snow Fest, prior to the Kings Beach Parade) receiving the highest priority. If the recipient is not able to volunteer at the Pancake Breakfast, the District requests notification via e-mail or letter once the community service has been completed. Recipients will not be eligible for future scholarships unless community service has been completed.
